GEN. CHAFFEE TO COMMAND AMERICAN FORCE IN CHINA

Was Ordered to the Orient This Morning by the President.

BROOKLYN SAILS FROM MANILA TO TAKU

Bodies of Men and Women of All Nations Massacred at Tien Tsin, and Their Bodies Fester in the Streets—Admiral Seymour with the Ambassadors and Ministers from Chinese Capital is Hard Pressed on the Road to Tien Tsin—Allies Reported to Have Captured That City—Second Relief Force Joins the Besieging Column—Native Army Around the Capital Said to Comprise 360,000 Men.

Washington, June 26.—[Special Telegram]—The war department has telegraphed McArthur that Brig. Gen. Chaffee has been sent to Chefoo to command the operation of the American military forces in China. The department cabled the commander of the Ninth Infantry to report to Chaffee at Chefoo for orders.

The sending of Chaffee to China settles beyond a question the existence of war and moreover the intention of the government to order more troops to China.

At a consultation of heads of departments this morning, Chaffee being present, he informed the gathering that since he was to remain till November he must have winter as well as summer clothing for his men.

Orders were issued directly after the consultation directed to head of the divisions of ordinance, commissary, medical corps and signal corps to report today the supplies they could furnish.

Chaffee leaves tomorrow. The transport Grant is scheduled to sail July 1st. Captain Russell, of the Signal Corps is assigned to command a detachment of his men in China.

Brooklyn Sails for Taku.

Manila, June 26.—[Special Cablegram]—The Brooklyn with one thousand marines and soldiers sailed this morning for Taku. She is under urgent orders to make all the haste possible.

Relief for Tien Tsin.

Washington, June 26.—[Special Telegram]—The navy department this morning made public the following from Admiral Kempff received late last night: "Chefoo, June 25. The relief force reached Tien Tsin on the twenty-third. Loss very small. The Peking relief force which left Tien Tsin June 10, is reported

BRIG. GEN. ADNE R. CHAFFEE

Tien Tsin. The banks are all looted and destroyed.

TROOPS FROM THE PHILIPPINES

Uncle Sam May Be Called on to Furnish

10,000 Troops for China

Washington, June 26.—The United States force in China now is extremely meager, but it is to be added to rapidly by troops from the Philippines. They can be hurried to Hongkong and then to China. It will be necessary to send troops from the United States to the Philippines, and arrangements for this are already under way.

There is an abundance of material in the Philippines from which to select commanders. In the natural course of events, Major General MacArthur will remain at Manila, but he has plenty of subordinate commanders, some of whom will be designated to take charge of the operations in China.

Disposal of American Troops.

If there is to be a continued concert of action between the different nations, as is now planned for, it will be necessary that the American in command should have as high rank as possible.

For this reason it is expected the command in China will devolve upon Major General Bates or Wheaten. Besides there are a dozen Brigadiers who can be drawn upon for independent service if necessary.

NINTH INFANTRY ON THE WAY.

The Ninth Infantry, which is the first to go, will be in command of Colonel Liscum, and when he arrives at Taku he will naturally be under the orders of his superior, Admiral Remey. This latter officer will command the soldiers, sailors, and marines in the preliminary movement and probably would retain command until the force of soldiers greatly outnumbers the marine element. After that the sailors would be withdrawn at once from the advance force, and the marines would follow them, being used to guard the base of supplies at Taku.

In the view of officers of the army and navy as well as of diplomats, the

world has seen only the beginning of the excitement in China, and it is predicted that before long the Christian nations will each have a respectable army on Chinese soil.

China Has 90,000,000 Fighters.

The regular army of China numbers only about 35,000 men, but there are 400,000,000 of people to be met, and fully 90,000,000 of these are capable of bearing arms. Most of them know nothing of modern warfare, but the history of all armies has shown that a small armed force cannot penetrate a great distance into a hostile country and keep up its line of supplies.

It will be necessary to have enough troops to garrison a number of important towns and keep open lines of communication in the face of a hostile army of natives, who, while not naturally fighters, are known the world over as the princes of sneak-thieves and midnight murder.

May Have to Furnish 10,000 Men

There is no panic among the officials here in Washington, and they are not hunting for any trouble in China, but they are quite well aware of the fact that the United States must contribute several thousand well equipped fighting troops, and it would not be surprising if this country should be called upon to furnish a full division of 10,000 men for service in the Flowery Kingdom.

The jealousies of European governments are such that it is quite possible for the general command of the allied troops to be given to an American, and for this reason an officer of high rank will be selected from those now in the Philippines.

Powers Sending More Aid

In the meantime the different European nations interested are making more and more elaborate arrangements for sending troops and warships to China. It is now announced that 10,000 men will be sent by England from India alone, which force, added to the marines and other troops, will give the queen a representation of from 13,000 to 15,000.

Add to these the 30,000 Russians which are said to be sent to Port Arthur, 15,000 Japanese, 5,000 Americans, 5,000 Germans, 5,000 French and 2,000 Italians, it is easy to see the estimate made in some of the London papers yesterday that the allied powers will have 40,000 men on the scene before the trouble is settled in wide of the probable mark, but that even 80,000 troops may be none too many if the late reports from Shanghai even verge on the truth.

Shanghai Rumors Plenty

One rumor declares now that 360,000 Chinese troops and Boxers are round Pekin with 220 seven-centimeter Creusot guns, 18 Krupps, 150 Maxim's, and an inexhaustible supply of ammunition.

Of the Chinese losses up to date the most extravagant yarns are related at Shanghai. One says that 2,300 Chinese bodies were cremated in the Taku forts before they were blown up, and another declares that upward of 4,000 Chinese troops have been killed in Tien Tsin.

FACE THE CHINESE AT PEKING

Allies Reported to Have Taken Tien Tsin With Little Loss

London, June 26.—A dispatch from Che-Foo says:

"Rear Admiral Kempff reports, by a torpedo boat, that the combined forces entered Tien-Tsin on Saturday, June 23, sustaining small loss. They started on Sunday to relieve the force which left Tien-Tsin on June 10, and which is believed to be surrounded near Pekin."

Disposal of American Troops.

If there is to be a continued concert of action between the different nations, as is now planned for, it will be necessary that the American in command should have as high rank as possible.

Eight Thousand Allied Troops.

Eight thousand allied troops have landed at Taku, including 1,200 Germans. A French officer, who has succeeded in getting through from Tien-Tsin to Taku, says that the Russians alone have lost 150 killed and 300 wounded. The German gunboat Iltis reports that masses of Chinese are nearing Tong-Ku and that an immediate attack is expected.

Dentes Request of China.

Washington, June 26.—The chief development in the Chinese situation was the effort of the Chinese minister, Wu Ting Fang, to secure an armistice in the operation of American troops until Li Hung Chang could reach Pekin and bring about a cessation of the disorder. The proposition is rather a novel one, and is based upon the representations of the viceroys of the important provinces of the Yangtze-Kiang valley that they can maintain order without the aid of foreign troops, and that the presence of the foreigners would act merely as an incentive to disorder.

Minister Wu brought these representations to the attention of Secretary Hay, who consulted with the president. The latter's decision, as subsequently conveyed to the minister, was that while the assurances of the viceroys for continued quiet were fully appreciated, the United States could not bind themselves not to send their forces to points where disorder actually existed and where the safety of United States officials and citizens was endangered.

Seymour is Hard Pressed.

Berlin, June 26.—[Special Cablegram]—Admiral Seymour with the ambassadors and ministers from Peking is twelve miles from Tien Tsin and hard pressed according to a dispatch from the German consul at Chefoo.

Massacre Men and Women.

Tien Tsin, June 26.—[Special Cablegram]—An agent here for a foreign firm at Tien Tsin reports that the bodies of

the command in China will devolve upon Major General Bates or Wheaten. Besides there are a dozen Brigadiers who can be drawn upon for independent service if necessary.

A Perfect Balance

Of mind and body was the Roman idea of perfect health. They defined this balance as "a sound mind in a sound body." A weak or sickly body tends to drag down the mind to its own level. Keep the body in health and the mind will take care of itself. The health of the body depends mainly on two things: a sound stomach and pure blood. Dr. Pierce's Golden Medical Discovery preserves the balance of health, because it makes the stomach strong and the blood pure. People who had not had a well day in years, nervous of body, depressed of mind, have been perfectly cured by the use of "Golden Medical Discovery."

"During the summer and fall of 1896 I became ill and down," writes Charles H. Sergeant, Esq., of Plain City, Madison Co., Ohio. "Nerves were out of order and stomach was out of order. I wrote to Doctor Pierce for advice. He said I had general debility and advised Dr. Pierce's Golden Medical Discovery. I used six bottles, and since I stopped taking it, about one year ago, I have not had any medicine of any kind, and have been able to work every day. My appetite is good. I do not feel that burning heat after eating, and my blood and nerves are in good shape."

Dr. Pierce's Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. Pierce, Buffalo, N.Y.

MARTIN J. RUSSELL DEAD.
Publisher and Editorial Writer Expires
at Mackinac.

Chicago, June 26.—Martin J. Russell, one of the publishers of the Chicago Chronicle, and for years one of the most brilliant editorial writers in Chicago and the Northwest, died at Mackinac Island today. The death of the veteran journalist was not altogether unexpected, for he had been suffering from Bright's disease some months. With his family he had been at Waukesha until a short time ago, when he went to Mackinac, hoping that the change would be beneficial. His wife and one son were with him when he expired. In his work during the last thirty years in the field of Chicago journalism he had won a reputation for rare literary gifts. These talents early gave him recognition, and to the facile pen he wielded may be attributed his rise from the ranks to the position of publisher of a great daily. Martin J. Russell's editorials were distinctive in their style. Wonderful they were called, for they blended powerful logic with clear, strenuous English. He held many important public positions of trust during his lifetime. His records as collector of the port of Chicago and upon the board of South Park commissioners illustrate the honesty and steadfastness of purpose of the man. He was sturdy in his convictions and blunt in forcing them home, but he was a man of wide friendships.

ILLINOIS DEMOCRATS.

Orendorff May Get the Nomination for Governor.

Springfield, Ill., June 26.—Declarations made by the delegations which arrived today indicate that unless a dark horse is trotted out, the Democratic state convention will nominate either Alfred Orendorff of Springfield or Samuel Alschuler of Aurora for governor. Adam Ortsfelden, city treasurer of Chicago and the gubernatorial candidate of the Cook county machine, reached the capital this morning attended by Robert E. Burke. Ortsfelden's headquarters were opened at the Leland hotel, but the comment heard on every hand that the Chicago brewer is unacceptable to the country element cast a deep shadow on his prospects. Orendorff and Alschuler appear to have the nomination within reach, and as they are on friendly terms their forces will unite, if necessary, to prevent the triumph of the Chicago machine.

Ex-Gov. Altgeld is here to secure a reaffirmation of the Chicago platform. He has more than that in view. His movements indicate he is particularly interested in seeing Orendorff, who was his adjutant-general from 1893 to 1897, nominated for governor and if possible getting a place for himself on the ticket as a delegate-at-large to Kansas City.

Savants Are in Session.
New York, June 26.—The forty-ninth annual session of the American Association for the Advancement of Science opened today at Columbia University, with the leaders of scientific research present from all parts of the country. The meeting was called to order by the retiring president, G. K. Gilbert of Washington, who introduced the president-elect, Professor R. S. Woodward of Columbia university. Addresses of welcome were delivered by Governor Roosevelt and President Low. After the preliminary meeting the association dissolved itself into sections for the lectures and papers on the different subjects. The sectional conferences will continue all afternoon and this evening the delegates will assemble in the university gymnasium, where a reception will be given in their honor. The convention will continue all week.

Mr. H. P. Hanson, of 103 Pleasant St., engineer, employed at the Janesville Machine Co., says: "Doan's Kidney Pills did me all the good that could be expected and I recommend them to any one who may be troubled with a lame back or any kidney disorder. After procuring them at the People's drug store and taking them I felt better slept better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. I suffered from these symptoms for four or five years and I was more than pleased at the results obtained from the use of Doan's Kidney Pills."

DIRT CLEARANCE.

IT is a good plan for every bather to know something of the soap he uses. There is a well-founded objection to using a floor-cleaning soap upon the human body. Ivory Soap is the bather's soap. It costs more than common soaps, but the difference is in the ingredients and making. Why not treat yourself with a little respect. Is not the human skin with its marvellous delicacy entitled to pure soap? Ivory Soap—it floats.

Dies When 103 Years Old.

Chicago, June 26.—Andrew Dekas, 103 years old, a veteran of three European wars of the early portion of the century, is dead at the home of his daughter, 35 Lubeck street. He leaves about fifty descendants in this country and nearly as many more in Europe, two of the latter being great-grandchildren.

Hero Hickey Kills Himself. Boston, Mass., June 26.—John E. Hickey, who was boatswain on Admiral Farragut's old flagship Hartford and who during the Spanish war cut the cables under fire off Cardenas, committed suicide at his father's house in this city by shooting himself in the left temple.

Negro Is Mobbed in Florida. O'Brien, Fla., June 26.—Jock Thomas, a negro who attempted an assault on Mrs. Keene, a widow living in Suwanee county, was taken from the sheriff by a mob near Live Oak, hanged to a tree and riddled with bullets. He made a confession.

Goshen, Ill., Genesee Pure Food Co., Le Roy, N. Y. Dear Sirs:—Some days since a package of GRAIN—O preparation was left at my office, took it home and gave it a trial, and I have to say very much pleased with it, as a substitute for Java. We have always used the best Java and Mocha in our family, but I am free to say I like the GRAIN-O as well as the best coffee ever drank.

Respectfully yours, A. C. JACKSON, M. D.

THE REPUBLICAN TICKET

For President: WIL LIAM MCKINLEY, of Ohio.
For Vice President: THEODORE ROOSEVELT, of New York.
For Member of Congress 1st District: HENRY A. COOPER, of Racine.Wisconsin Weather Forecast
Generally fair tonight and Wednesday; cooler.

THIS DAY IN HISTORY.

1541—Pizarro, the Spanish conqueror of Peru, assassinated at Lima.
 1790—David Rittenhouse, early astronomer and manager of the United States mint, died at Philadelphia; born 1729.
 1827—Samuel Compton, inventor of the famous loom, died; born 1763. Compton was an English artisan and at the age of 25 completed a machine called the spinning jenny, which combined the jenny of Hargreaves with the roller spinning of Arkwright. This machine produced a wonderful revolution in cotton manufacture.
 1853—First Admiral Andrew Hull Foote, U. S. N., a distinguished naval officer of the civil war, died in New York city; born 1806.
 1858—David Davis, jurist and early friend of Abraham Lincoln, died in Bloomington, Ill.; born 1815.
 1859—Simon Cameron, Lincoln's secretary of war in 1861, and afterward minister to Russia, died in Lancaster county, Pa.; born there 1795.
 1867—Mrs. Margaret Oliphant, the English author, died in Winslow.

FOR JOHN M. WHITEHEAD

Racine Daily Journal.—The Washington correspondent of the Milwaukee Sentinel reviews the campaign for the governorship from the standpoint of the assembled delegates at the Philadelphia convention, from which he gathers the impression La Follette is not a favorite and has no lead in the race, rather back in the rear. From the views of the delegates is gathered a variety of information, some of which will not be regarded by some of the delegates as entirely reliable.

It seems very clear that the following paragraph is not founded upon facts at all, rather upon a distinct misapprehension of the situation in both Racine and Rock counties. The following is the paragraph referred to:

"How about the First district? Dr. Reynolds of Walworth and Delegate Hoskins of Lafayette are confident that it will be solid for Whitehead. But Hoskins admits there will be a lively contest in Lafayette county. Walworth county has always been against La Follette, but the real fight in the First district is admitted to be in Racine and Rock counties. Here La Follette has always had a good chance. If Whitehead cannot hold Rock county, he would cut a sorry figure as a candidate to invite a combination."

As to Rock county the information from trustworthy parties is to the effect that that county is undoubtedly for Senator John M. Whitehead, and is sure to be unanimous for him in the convention. There is no ifs and ands about it. Walworth, Green and Lafayette counties will be equally certain to give Mr. Whitehead their votes. As for Racine county from the beginning of the candidacy of Mr. Whitehead there has existed no uncertainty, and the sentiment has been unanimous that the county would stand in with the rest of the district and give Mr. Whitehead their votes.

It is a great mistake, that assuming the fight, the real fight in the First district is in Racine and Rock counties. There is no fight at all, no occasion for any. While Racine and Rock both have none but the kindest feelings for other candidates they feel that the time has come when the district with its splendid majority, with its record of first-class working republicans and able ones at that, with its many distinguished citizens who have long remained practically silent in the politics of the state, shall make their influence felt in the conventions of the party.

According to this the district will give its 112 votes in the convention for John M. Whitehead. Their candidate is an able man, is a just man, and has time and time again shown he stands for the highest interests of the people. His record at Madison when in the legislature and his work in the last session speaks for itself. He has never shown himself as an intriguer, and his record in public life stands out clear and highly honorable to his constituents.

It may be assured the First district

will do all in its power in an honorable and straightforward way to advance the interests of the candidacy of Mr. Whitehead. It offers to the republicans of Wisconsin as capable, as efficient, as competent and brilliant a man as has ever come before them. A trustworthy man in every sense of the word. With such a candidate the republicans of this state with every reason can expect as large a majority as has ever been given any candidate.

The famous Nonesuch Brothers are now engaged in scouring the jungles, and corresponding with all the crowned heads of Europe to secure attractions for the Fourth of July parade. Many surprises are in store for Janesville's guests on that day.

While chairman M. A. Hanna has been reelected, Henry C. Payne will be chairman of the executive committee, upon which falls the actual campaign work of the committee. Mr. Payne will therefore be Mr. Hanna's "right hand man."

Every merchant in Janesville should decorate his place of business on the Fourth. Janesville will outshine all of her neighbors this year, and nothing should be left undone that will add to the success of the celebration.

The Bryanites also show an intense hatred of the plutocrats by electing half a dozen or more multi-millionaires as delegates to the democratic national convention.

Coin Harvey has bought a farm. Business must be picking up with Coin, too.

Illinois democrats seem to be of the opinion that Mr. Ortsfein ort not.

ARMY WORMS IN SOUTH DAKOTA

Trees and Grass ruined by the Pest Along the Missouri River.

Yankton, S. D., June 26.—Millions upon millions of pale green army worms have put in an appearance on the sand bars along the Missouri river near Yankton. The worms are two or three inches long and in places can be taken up by the shovel. Willows are stripped of leaves and bark and weeds and grass are eaten to the roots. In the center of the ground infested the worms are lying dead in heaps, dying from starvation. The insects are moving eastward like an avenging army and will soon get into the vegetable gardens and potato patches, which the sand bar settlers are cultivating. The appearance of the territory over which the worms have passed suggests the devastation of the grasshopper in earlier years.

**MRS. J. B. CASSODAY
DIED AT MADISON**

**WIFE OF ASSOCIATE JUSTICE
OF THE SUPREME COURT.**

Was a Daughter of the Late Joseph Spalding, and Was Born on the Old Homestead on Milton Avenue—Leaves Many Friends Here to Mourn Her Loss.

Word was received at an early hour this morning by relatives in this city that Mrs. J. B. Cassoday of Madison, wife of Associate Justice of the Supreme Court J. B. Cassoday had died of heart failure. Mrs. Cassoday was a daughter of the late Joseph Spalding of the town of Janesville. She was born at the old homestead at the end of Milton avenue and lived there with her parents until she had grown to womanhood. She was married to J. B. Cassoday and resided in this city for many years. In 1880 on the appointment of Judge Cassoday to the supreme bench they moved to Madison, Wis., where she resided at the time of her death.

Mrs. Cassoday was a woman of pleasant personality and had friends without number; her many social qualities making her beloved by all she came in contact with.

She left to mourn her loss a husband, Associate Justice John B. Cassoday of Madison, four daughters, Mrs. Will Jacobs, of Madison, Mrs. George Wheelock, of South Bend, Ind., Mrs. Nate Clark of Duluth, Minn.; Mrs. Carl Johnson, of Madison; also one son, Elden Cassoday, of Madison, also two sisters, Mrs. J. M. Hatchett, of this city, and Mrs. Edward Cox of Whitewater, who have the profound sympathy of the community.

**MAKING A LONG
TRIP BY WATER**

State University People Will Make a Trip from Rhinelander to Memphis by Boat.

T. B. Peterson, professor of athletics in the University of Minnesota, and A. A. Bruce, student of the university, are making a long trip by water during the summer vacation. They started at Trout Lake, near Rhinelander, thence to the Wisconsin river, and down the Wisconsin to Portage. At Portage they went by railroad to Madison; then they continued down through the Madison lakes to the Catfish and down the Catfish into the Rock river; they will continue on down the Rock to Rock Island, and then down the Mississippi to Memphis, Tenn., their destination.

Messrs. Peterson and Bruce had a hardy look about them, as if the trip so far had not been all clear sailing. They started June 3 from Trout Lake and expect to be the rest of the summer reaching Memphis.

Messrs. Peterson and Bruce are traveling in one fourteen foot strip boat, in which they carry their entire outfit, clothes bags, bedding, cooking utensils and shelter tent. They get most of their provisions in the towns through which they pass and from the farmers along the river. To anyone found of roughing this is an ideal trip.

GAVE AN EXCELLENT SHOW

One Thousand People Took in the Circus Last Evening.

One thousand people attended the Capt. W. D. Ament circus last evening in the large tent in the rear of the Y. M. C. A. building. The performance from start to close was first class in every respect and was well worth the price of admission. In one end of the spacious tent is erected a large elevated stage. In the middle of the tent are the trapeza and rings. Several features of the show are well worthy of mention. Fifty well trained dogs open the performance. A boxing match between two of the canines brought forth loud and well merited applause. Prof. Meehan is in charge of the dogs and at the close of his act he was greeted with a hearty round of applause. On the trapeze Pearl Forepaugh and Fred Welcome do an act that is well worth the price of admission. They are artists. Harry LeMack, the drum major is as good at his turn as any seen in this locality, in some time. Prof. Imhoff, the trick cyclist, is a whole show in himself. The trick ponies amuse and delight the children. Song and dance artists occupy the elevated stage at different times. A good band is in attendance. Taking the performance as a whole the show is well worth attending. This afternoon a matinee was given and well attended there being fully five hundred children present. This evening a change of program will be given and the performance will close tomorrow evening. A good after concert follows the low price of five cents being the price. There will be an entire change of program at tonight's performance. The tents are on the Y. M. C. A. grounds. The tickets are only 10 and 20 cents.

**QUIET WEDDING
AT ST. PATRICK'S**

JOHN J. CUNNINGHAM AND MISS EMMA LANGWORTHY.

Only the Immediate Relatives and Friends Were Present at the Ceremony in the Church at 8:30 O'clock This Morning—Wedding Breakfast Followed the Services.

A quiet wedding occurred at St. Patrick's church at 8:30 o'clock this morning, when John J. Cunningham of this city and Miss Emma Langworthy, daughter of Mr. and Mrs. Elmer Langworthy of the town of Fulton, were married. Only the immediate relatives and friends were present at the ceremony which was performed by Rev. Dean McGinnity. Miss Phoebe Cunningham was bridesmaid and Dr. Michael Cunningham, brother of the groom, best man. An elegant wedding breakfast was served at the home of the groom's brother, Dr. Michael Cunningham, immediately after the ceremony. Shortly before noon the couple left for a trip around the lake.

On returning they will go to house keeping in Mrs. Cyrus Miner's house on the corner of Court and East streets which they have rented.

This young couple are too well known to need any introduction. The bride is the daughter of Mr. and Mrs. Elmer Langworthy of the town of Fulton, and is a young lady of charming disposition and has hosts of friends. At one time she was in the employ of J. M. Boatwell & Sons who thought very highly of her. J. J. Cunningham, the groom, is a young lawyer of recognized ability in his profession where he has been very successful. He is a graduate of the University of Wisconsin and also graduate of the University Law school. The numerous friends of the happy couple wish them a long, happy wedded life.

**SOLDIER'S LIFE IN
THE PHILIPPINES**

ROCK COUNTY BOY WRITES OF HIS EXPERIENCE THERE.

He Says the United States Troops Are Having an Easy Time of It Now, and Gives Some Interesting Details of Life in the Camp—A Very Readable Letter.

Edward Bleasdale, son of H. P. Bleasdale, a well known resident of the town of Center, is a member of Co. G. Thirteenth United States Infantry stationed at Manila. He enlisted from North Dakota. He writes an interesting letter to his father as follows:

As this is my birthday and have just finished a good dinner to celebrate it, I will answer your letters and two others that I got from Soo City and a big bundle of Gary papers on the 20th of this month. This is the first mail I have received since leaving Frisco.

We are way up here in the wilderness at a small town, called Tayug, about 200 miles northwest of Manila doing garrison duty. There is one company of the Twenty-fourth regiment (colored) and troop "M" of the Fourth cavalry here besides Company G. of the Thirteenth. The rest of the Thirteenth is scattered between here and San Fabian doing garrison, except four companies which are at Dagupan.

This is the town where Gen. Luna was assassinated, by men hired by Aguinaldo. It was here two weeks ago. Aguilera, son and \$1,000 of his money was captured. So you see this is quite a noted town.

Aguinaldo intended to make this his headquarters during another rainy season. He had a lot of big bamboo barracks about half done when he had to move.

There is no fighting going on around here now. Everything is quiet. The only trouble we have is with the ladrones or folomen; a lot of niggers that rob and murder their own people when they get a chance.

We have no idea how long we are going to be kept here, whether it will be a week or six months. This is a pretty good place to stay with one exception and that the rations. All we have ishardtack, bacon and coffee. Once in a while we get a little something extra, but that is not very often, unless we buy it ourselves.

I suppose you are anxious to know what I had so good for my birthday dinner. Well, I will tell you. I had baked beans and bacon, roast duck and dressing, hardtack and coffee. What do you think of that? The worst of it was I had to buy the duck (20 cents), make the oven and roast it myself. For dressing I used roasted hardtack, onions (in the place of sage) and seasoning.

How was that for a dinner? I tell you it was good. I made the oven out of pieces of brick and mud. We can buy eggs, chickens, fruit, etc. of the natives so we get along pretty well with what Uncle Sam furnishes us. We are a little worried about our pocket books holding out until pay day, as we hear we will not be paid as long as we are so far from Manila. If we don't, we will have all the more when we do get it.

We are having a nice easy time of it here. We drill from 7:15 to 8 a.m. every day except Saturday and Sunday. Saturday being weekly inspection, and we only have to do one guard of twenty-four hours every five or six days. As soon as drill is over we have nothing to do except answer retreat and reveille until drill again.

You see we practically have nothing to do except to try and amuse ourselves, as best we can. We can go and come whenever and wherever we want to.

I don't want an easier time than I am

having right now. I don't believe the soldier over here has the hard time you people in the States imagine he has. Of course there are exceptions; take it while on the march, we have a hard time of it, as it is warmer here.

I have two nice relics that I captured; but I don't know whether to send them home or keep them until I go myself; I have two Filipino officers' swords. One is larger than the other; the larger one has a gold or brass wreath running the entire length of one side of the blade. I don't believe it is gold, think it is nothing but brass, but it is a beauty, just the same. One has a wood, and the other a horn handle, with two silver bands around it, both handles being mounted in brass. Both have a leather scabbard, and one has a small leather belt. They would be worth \$50 as relics to anyone that cares for such things; as I saw a rough bolo like what we can get arms full of if we wanted them, sell for \$15, while I was at Frisco.

**SALE OF MANY LOTS
IN FOREST PARK**

Forest Park Improvement Company Pleased With the Outcome of Their Sales Yesterday.

The Forest Park Improvement Company are more than pleased with the outcome of their sale of lots in Forest Park yesterday afternoon. Twenty-four lots, all the company had left for sale, were disposed of and nearly four thousand dollars realized. That they should dispose of every lot offered seems remarkable, but it only goes to show that good building lots at a fair price are always in demand. W. T. Dooley acted as auctioneer and to him belongs a good share of the success of the sale. Mr. Dooley is a first class auctioneer and real estate seems to be his stronghold.

**BURIED CARCASS
IN AN OAK CASE**

Great Pains Taken in the Burial of a Favorite Janesville Setter Dog.

Mr. and Mrs. C. E. Jenkins are mourning the loss of their setter dog Charm that died yesterday. They were so attached to the animal that it was given a burial that most anyone could feel proud of. The carcass was enclosed in an oak case zinc lined and hermetically sealed. Mrs. Jenkins took the remains to her family's home near Durand, Ill., where it will be buried.

QUESTION OF THE PLANKS.

Prohibitionists Are Divided About Number in Platform.

MANY FAVOR "SINGLE ISSUE."

Declarations Ontario That for Gold Water Opposed — Chairman Stewart Says Planks Will Be Based on Prohibition—About 900 Delegates Attend.

Chicago, June 26.—When the Prohibitionists met in their state and national convention work here in the First Regiment armory they found the old "single-issue" question confronting them. Hale Johnson of Illinois, who ran on the "single-issue" platform for vice-president four years ago, surprised his friends by giving out an interview, in which he favored making other questions besides prohibition a part of the national platform. Mr. Johnson is a candidate for the nomination for president, and will probably make his fight in the convention on this proposition. The "single-issue" faction has made John G. Woolley its standard-bearer, and the fight for the nomination is on in earnest.

The state convention's committee on resolutions will have the "single-issue" proposition presented to it. It is believed that the committee will report a platform containing a declaration against trusts and the present administration's policy in reference to the army canteen and in favor of equal suffrage and civil service. The platform will probably make declarations on state policies outside prohibition. A plank will be inserted demanding the enforcement of the state Sunday laws, and labor questions may be handled from a prohibition standpoint.

While the officials of the Illinois state central committee favor introducing other questions into the platform, the national committee managers insist that prohibition and questions based on that issue only shall be touched upon.

Favors Single Issue.

"I think there will be only one issue in the platform," said Oliver W. Stewart, chairman of the national prohibition committee. "There may be a number of planks in the platform, but they will be based on prohibition. We will have a plank condemning the administration's policy toward the army canteen. The president will be censured for extending the liquor traffic to each new country to which the flag has gone. There will be a plank proposing to protect laboring men from the liquor traffic. The suppression has been indulged all along that prohibition would be the sole and simple issue. I was surprised to read an interview with Hale Johnson, declaring in favor of anti-trust and equal suffrage planks in the platform. I had supposed that old question was settled. We disposed of it four years ago when we nominated our ticket on the 'single-issue' platform. I am the more surprised at Mr. Johnson's position, because he was a candidate for vice-president on that issue. This leaves John G. Woolley the logical candidate for the 'single-issue' men, and I believe he will be nominated."

The national convention is composed of 1,054 delegates, but some of the southern and Pacific coast states did not send full delegations. About 900 delegates are in attendance.

Rev. Henry M. Bannon of Rockford is temporary chairman of the state convention.

Monday's Outlook.

Chicago, June 25.—The struggle for the presidential nomination of the Prohibitionists is the liveliest feature of the gathering here. John G. Woolley and Hale Johnson, both of Illinois, think they have the running to themselves, but Dr. S. C. Swallow of Pennsylvania comes west with delegations from eight states.

Chairman O. W. Stewart will call the national convention to order at 10 o'clock Wednesday morning.

The Colorado, Wyoming and Utah representatives will be on the ground early tomorrow morning. Indiana, 300 strong, will have a special over the Big Four, arriving tomorrow afternoon. They will stop at the Auditorium. Minnesota, Dakota, Montana and Wisconsin will have a special train over the St. Paul road, reaching here tomorrow night. Their headquarters will be at the Wellington.

The Nebraska delegation will also be at that house. The New England delegation will come on a special over the Michigan Central. It will stop at the Leland. The Sherman is designated as headquarters for Maryland. The Victoria will have West Virginia and Michigan, the Tremont Kansas, and the Veley one of the western states. Most of the Illinois people will stop at the Palmer house, as it is Illinois' headquarters. The Lexington will get the bulk of the business. The following delegations will stop there: New York, Pennsylvania, Ohio, Kentucky, Iowa, Missouri, Colorado, Wyoming, Utah and New Jersey.

Child Dies for Playmate.

Pullman, Ill., June 26.—Clasped arm in arm, their tender skin still warm with life that had gone, the bodies of two little friends, one 7 years old and the other 6, were dragged from the bed of Lake Calumet. Friends on shore in the romp of the youngsters, they were brothers still in the death of a greedy grave. The bodies were identified by the parents. Robert Winterski, 734 Erickson avenue, was the first victim, and Edward Van Willigan, block H, Pullman, was the older and the one who tried to save the other's life.

San Francisco, Cal., June 26.—A burglar entered the residence of E. S. Cederberg in this city while the family were away, bound Mrs. Lillian Ross, the nurse, to a bed on which a baby was sleeping, robbed the house, poured coal oil on the floor, and after igniting it made his escape. The flames were discovered by the neighbors just in time to prevent the cremation of the woman and child.

Father Mueller to Be Bishop.

Columbus, O., June 26.—Rev. Father Mueller, vice chancellor of the archdiocese of Cincinnati, formally accepted the appointment as bishop of Columbus. He came to Columbus and held an important conference with Rev. Father Specht, the vicar general, during which preliminary arrangements for the ordination were made. No date was announced for the ceremonies.

BOER BRUSH NEAR WYNBERG

Clements Has Skirmish, Picking Up Guns and Supplies.

NO CASUALTIES ARE REPORTED

Ian Hamilton Declares Heldelberg the Most English Boer Town He Has Yet Encountered—Hutton and His Colonial Infantry Doing Good Service.

London, June 26.—The following dispatch has been received at the war office from Lord Roberts:

"Pretoria Presidency, June 25.—Clemens successfully engaged a body of Boers yesterday near Wynberg, where he had gone to pick up supplies and some heavy guns preparatory to acting in combination with columns from Lindley, Hellbron, and Heldelberg. He drove the enemy north of Sand Spruit with loss. No casualties are reported. Ian Hamilton reports that Heldelberg is the most English town he has yet seen! The inhabitants gave him a great reception. The streets were crowded and decorated with bunting. Capt. Valentine hoisted the union jack in the market square amidst the cheers of the populace and of the British, Australian, and other colonial troops. 'God Save the Queen' was sung, the crowds heartily joining in. The poor royalists have had a rough time lately. Hutton's mounted infantry skirmished with the Boers yesterday a few miles southeast of Pretoria. Capt. Anley is reported to have managed the little business well. Lieut. Crispin and one of the Northumberland fusiliers were wounded."

Gen. Warren wires that the rebellion has been extinguished in the north of Cape Colony, but he does not mention the capture or disposal of the considerable Boer force which has been occupying that part of the country.

Attached Start for Home.

The Canadians were engaged in the Honing Spruit fight last Friday. Gen. De Wet's men first cut off a Canadian outpost of mounted rifles at dawn, two being killed. Lieut. Triggs and four others were wounded and three were captured. The Free-Staters then attacked the camp where were fifty Canadians and two companies of Shropshire, though without much effect, as the men were well intrenched. The foreign military attaches who were with Lord Roberts are now in Cape Town en route for Europe. United States Consul Hay of Pretoria is going to Machadodorp in the interest of the British prisoners, and to see President Kruger.

Burial a Construction Tragedy.

The Boers derailed a construction train near Standerton on June 24. Two trainmen were killed and four badly hurt. A party of Brabant's horse, near Ficksburg, saw a camp of khaki-clad men, and walked in, only to find themselves among the Boers. The visitors surrendered.

Little Girls Save a Train.
Birmingham, Ala., June 26.—Two little girls, aged 10 and 12 years, daughters of Israel Lebanoff, a farmer, saved a Southern railway train from disaster at noon. The rain was pouring down in torrents. The girls were watching the storm and saw a trestle near the house give way. They rushed from the house and ran a mile to the nearest station to apprise the agent of the danger. Several times they had to wade streams waist deep, but pushed bravely on. The agent had just time to raise the danger signal when the southern train, containing 600 passengers coming to Birmingham on an excursion from Columbus, Miss., dashed into view.

Ice Trust Officers Dismissed.

New York, June 26.—The grand jury failed to find an indictment against the president and directors of the American Ice company on charges of criminal conspiracy. The session of the jury was devoted to the examination of the papers in the case and to the examination of three witnesses. At the conclusion of the session the papers were marked "dismissed."

Three Oaks Ready to Rejoice.

Three Oaks, Mich., June 26.—The program for the unveiling of the Dewey cannon June 28 is complete. The address of welcome will be delivered by Gen. R. A. Alger, and the oration of the day by William E. Barton of Chicago. Helen Miller Gould will unveil the cannon. There will be a chorus of 250 voices.

Imprisoned in a Folding Bed.

Detroit, Mich., June 26.—Mr. and Mrs. C. D. Farr, 531 Third avenue, were imprisoned by the sudden closing of a folding bed in which they were sleeping. Farr yelled lustily for help and his two sons came down and released the prisoners. Mrs. Farr was seriously injured.

GREATEST TRADE YEAR

Vast Increase In Both American Exports and Imports.

PREVIOUS RECORDS SURPASSED.

Exports Will Be Nearly \$1,500,000,000 — Imports, Which Also Have Been Heavy, Were Largely Composed of Raw Materials For Manufacturing.

The commerce of the United States in the fiscal year which ends with this month will by far exceed that of any preceding year, its exports will surpass those of any earlier year by more than \$150,000,000, and its exports of manufactures will exceed those of any preceding year by more than \$75,000,000.

Its imports, owing to the demands of the manufacturers of the country for foreign raw material for use in their industries, will also be large. Raw silk, unmanufactured fibers, crude rubber, hides and skins, pig iron for use in tin plate establishments, cabinet woods and the finer grades of cotton and the coarser grades of wood all show a large increase as compared with preceding years. The value of unmanufactured silk imported will be nearly 50 per cent in excess of that of the preceding year and more than double that of the fiscal year 1897. Raw cotton shows an increase in quantity of 50 per cent over 1899, unmanufactured fibers an increase of 25 per cent over 1899 and 100 per cent over 1898, and hides and skins show an increase of 25 per cent over 1899 and 60 per cent over 1898.

It is on the export side, however, that the year makes its greatest record. The total exports for the 11 months of the year amount to \$1,296,214,534, and should the June figures prove as large as those of May, which are just received, it would bring the total up to \$1,400,000,000, or \$173,000,000 greater than the bamer year 1899.

As to the details of this wonderful year every class of articles shows an increase. Manufactures, as already indicated, will show an increase of more than \$75,000,000, products of agriculture will show an increase of nearly \$50,000,000, products of the mine an increase of nearly \$10,000,000, those of the forest about an equal sum, fisheries are \$2,000,000 larger than last year, and the miscellaneous class shows a marked increase. Probably the largest increase is in manufactures of iron and steel, though cotton will show a considerable increase owing to the marked advance in price. Nearly all grades of manufactures of iron and steel show an advance. Steel rails in the ten months ending with April, 1900, increased from \$4,500,000 to \$6,500,000, structural iron and steel from \$1,350,000 in the ten months ending April, 1899, to \$2,076,000, wire from 169,000,000 pounds to 198,000,000 pounds, the increase in value being from \$2,000,000 to \$4,051,000, the advance in price being much greater than that in quantity, and this is true in nearly all grades of iron and steel exports.

Builders' hardware increased from \$6,832,000 to \$7,888,000 and railway engines from \$3,798,000 to \$4,805,000. Wire units, despite the large increase in price, more than doubled in quantity of their export, the total number of pounds in the ten months ending with April, 1900, being 77,502,000 against 37,836,000 a year earlier. The total exports of manufactures of iron and steel will be about \$120,000,000, or more than 20 per cent in excess of last year; despite the frequently expressed fear that the advance in prices would cause a reduction in exports.

Other lines of manufacture show a large advance. Leather and its manufactures show an increase from \$19,000,000 to nearly \$23,000,000 during the period under consideration, and mineral oils an increase from \$40,000,000 to \$56,000,000, though this increase is chiefly due to the advance in price, the quantity exported in the ten months ending with April, 1900, being 650,000,000 gallons and that for the ten months ending with April, 1900, 684,000,000 gallons.

FORTUNE IN A WHEATFIELD.

In Four Years an Oklahoma Family Made \$100,000.

Four years ago without a dollar and in debt, today worth \$100,000 in cash. That is the record made by one family in wheat raising in Oklahoma, says the New York Tribune. A fortune of \$100,000 in four years. Half of that money they have in cash in the bank at Guthrie. They will not the other half in cash in a few days for the 150,000 bushels of wheat they are now harvesting. The Miller family operates the "101" ranch, nine miles southwest of Guthrie. The ranch has 40,000 acres of land that is divided in two by the Salt Fork river. Of this land 6,000 acres is in wheat, 1,100 in corn, 200 in oats, 600 in sorghum, 1,200 in hay and 1,100 in watermelons and muskmelons. There is one wheatfield of 2,250 acres, 3 miles long and 2½ miles broad, without a fence or road through it.

The harvest on this ranch began the other day. Twenty-five reaping machines began at once, working in a row. The first swath cut was five miles long around one wheatfield. The reapers cut and bind 600 acres a day. A harvest of 150,000 bushels of wheat will be gathered. It will be sold from the thrasher in the field for cash, all except 5,000 bushels which have been sold for seed at 30 cents a bushel more than the regular market price of ordinary wheat. Mr. Miller contracted recently to sell the first 10,000 bushels threshed at 52 cents a bushel regardless of quality.

MUST NOT STOP MAIL CARS.

junction Is Issued Against the Strikers in St. Louis.

St. Louis, Mo., June 23.—Judge Elmer E. Adams of the United States district court granted a temporary injunction in the case of W. D. Mahon and all the members of division No. 161 of the Amalgamated Association of Street Railway Employees of America, restraining them from interfering in any way with the running of mail cars over the lines of St. Louis Transit company. None of the defendants was present. They were represented by W. S. Anthony, while District Attorneys Hitchcock and Rozier acted for the

Crops Damaged by Storms. Champagne, Ill., June 26.—The storms of Friday and Saturday have done great damage to the oat and corn crops in this vicinity. The growth of the oats has been rapid this year and the stalks are large and heavy so that a strong wind and the beating rain ruined much of it. Corn has suffered most in the vicinity of the Sangamon, many fields in that section lying now under a foot or two of water. The stand in some places has been completely destroyed, but farmers say if the water is drained off before July 1 they will replant and stand a good chance of still getting a crop. This has occurred here before and old residents say crops have been secured from plantings as late as July 5.

Happy Day for Convict. New Albany, Ind., June 26.—Ernest Roulet was notified that he was finally paroled from the Indiana reformatory, where he was serving a term charged with stealing a bicycle. The same mail brought the tidings that by the death of his mother in Switzerland he inherits \$6,600. A draft for the amount accompanied the letter.

Joliet Mills in Full Blast. Joliet, Ill., June 25.—Every department of the Illinois Steel company is now running, except blast furnace No. 3, and 2,800 men are at work. The converter, employing 600 men, has resumed operations.

Gradually the mystery of the numerous dynamite explosions under cars of the St. Louis Transit company and the alleged plot to blow up the bridge of the company over the river Des Peres is being unraveled.

The police authorities are inclined to believe that by following certain clews given by Nathan J. Farland, a Transit company detective, they may be able to prove that at least some of the actual dynamiting was done by persons in the employ of the company, but in order to enhance the reputation of the Transit detectives by giving them opportunities to make pretense of doing Sherlock Holmes work.

Mayor Ziegelnhein stated he would issue a proclamation forbidding the use of fireworks of any description in St. Louis on July 4 on account of the strike. He announces his decision this early in order that the merchants may protect themselves by not laying in a large supply.

Teachers of Elocution.

ST. LOUIS, June 26.—Teachers of elocution from all over the country are assembled in St. Louis for the ninth annual meeting of the National Association of Elocutionists which commenced today. The officers of the association are: President, Henry M. Soper of Chicago; first vice-president, Cora M. Wheeler of Utica, N. Y.; second vice-president, Edward P. Perry of St. Louis; secretary, Ida Morey Riley of Chicago; treasurer, Mrs. Elizabeth Mansfield Irving of Toledo. Three-hour sessions will be held daily throughout the week, at which papers will be presented covering the entire field of elocution, from kindergarten work to advanced dramatic instruction.

Big Chicago Fire.

Chicago, June 26.—Fire which broke out about 6 o'clock this morning in the Owens Electric Belt Building, 201 to 211 State street, caused a loss of \$60,000 to the building and its many tenants. It was an extremely stubborn blaze to fight, and at first it was thought the entire block between Adams street and Jackson boulevard would be destroyed.

POND'S EXTRACT

Used over half a century.
Refreshing and invigorating, for the toilet or after shaving. Immediate relief to eyes irritated by wind or dust. As a Remedy, it controls pain, bleeding and inflammation.

CAUTION.—Witch Hazel is NOT Pond's Extract, and cannot be used for it. Ordinary Witch Hazel is sold in bulk, diluted, easily turns sour, and generally contains "wood alcohol," which is an irritant externally and, taken internally, is a deadly poison. Pond's extract is sold ONLY in SEALED bottles enclosed in buff wrapper.

NOTICE TO CONTRACTORS.

Street Improvement.

OFFICE OF
STREET ASSESSMENT COMMITTEE
City of Janesville, Wis., May 29, 1900.
Sealed proposals will be received at this office until the 25th day of June, 1900, at two o'clock p. m., for furnishing all material and doing all the work necessary and required to improve the following named streets in the city of Janesville, Wisconsin, according to the respective specifications, profiles, plans and details thereon file in the office of the city clerk of said city for the inspection of bidders, to-wit:

That portion of South Second street which extends from the easterly side of South Main street to the westerly side of Pleasant street, in the Third ward, being about 100 feet; and that portion of South Jackson street which extends from the northerly side of Dodge street to the northerly side of Pleasant street, in the Fifth ward, being about 330 linear feet, all to be graded to a sub-grade, and surface with macadam, together with curbing and gutters, according to said respective specifications.

Work shall be commenced on said streets on or before the 10th day of July, 1900, and the work shall be completed on or before the 21st day of August, 1900, failing in which the city of Janesville will pay to the contractor the sum of twenty-five dollars per day for each and every day's delay in completing said work.

Direction to Bidders.

Each bidder, having received his bid with a contract and bond, will be free holder of a state of Wisconsin, and shall justify us to their responsibility and by their several affidavits show that they are worth in the aggregate at least one-half of the amount of the contract price in property not by law exempt from taxation. Surety companies approved by the Street Assessment Committee will be accepted in lieu of personal securities.

Said contract and bond, with sureties, must be completely executed on the part of the contractor, except the exception of the signatures on the part of the city.

This is a POSITIVE REQUIREMENT OF THE CONTRACT AND MUST BE COMPLIED WITH.

Bids failing to comply with the above requirement will not be considered.

Bidders must submit proposals to do the work according to the specifications, profiles, plans and details thereof, and their prices respectively per square yard of macadam, including grading, paving, and the laying of gutters and curbing, and otherwise improved at the expense of the real estate to be improved thereby, and in ordering that the Street Assessment Committee shall determine and determine the damages and benefits which will accrue to each parcel of real estate affected by such change and improvement; the entire cost of the contemplated work or improvement upon said portions of said streets, and the amount of real estate to be assessed to each parcel of real estate by such contemplated work or improvement.

All bids must have strung on the envelope, "Street Assessment Committee", with the name of the street marked thereon, on which such bid is made, and filed in the office of the Street Assessment Committee, in the city clerk's office of said city.
